DESCRIPTION/SPECS/WORK STATEMENT

Waterfowl Management Area (Spring Planting)

1. The contractor shall furnish all labor, materials, and equipment necessary to plant designated waterfowl food plots located on Richard B. Russell project lands in Georgia. The waterfowl food plots at the waterfowl management area total approximately 30.65 acres.
2. Spring planting consisting of Egyptian Wheat will be accomplished from 15 April through 1 June. The planting of Duck Mix, WFG Grain Sorghum/Tropical Corn mix and Tropical Corn, Brown Top Millet and Dove Proso will be accomplished from 15 May through 15 June. These dates may vary depending on weather conditions. The contracting officer (CO) or his authorized representative (ARCO) will determine when soil conditions are proper for planting. If the CO or ARCO determines that soil moisture is excessive or not adequate, work will be delayed until conditions are favorable. Planting seasons may vary depending upon soil moisture and site availability.
3. The contractor will break the land with a disc harrow. All areas shall be initially cut to a depth of not less than six inches. If after completing this requirement, if more than 30% of the soil surface is covered with weeds and/or crop residue, additional harrowing will be required so that 90% of the completed soil surface shall have dirt clods less than three inches across. After breaking the land and prior to planting the contractor will as a final preparation, smooth the land using a spiked toothed harrow or equivalent.
4. Prior to planting or concurrent with planting (**except corn**), the contractor shall apply 500 pounds of granular 10-10-10 fertilizer per acre. The fertilizer will be applied in the seedbed with the corn using a fertilizer hopper that can be adjusted to apply fertilizer at a rate of 500 pound per acre. The fertilizer certification will be subject to inspection by the CO or ARCO.
5. Seed (**except row corn**) will be applied evenly with a rotating disc spreader at the designated rates specified. The seed will be covered using a spiked tooth drag harrow or equivalent. The row corn will be planted using a planter designed to plant the seed at the depth recommended by the seed producer and planted at the rate of not less than 12 pounds per acre. All seed will be certified. The seed tags, which give the seed germination, percentages of inert ingredients, and weed seed content will be subject to inspection by the CO or ARCO. The seed germination should exceed 80%. Varieties used must be suitable for the Piedmont region.
6. When the row corn reaches a height of 4 – 6 inches tall, the contractor will cultivate using a between row cultivator set at a depth to provide for minimum soil disturbance and maximum weed removal with out damaging the crop.
7. When the row corn reaches 2-3 feet tall, the contractor will side dress with 250 lbs per acre of 34-0-0 fertilizer.
8. If the height of the corn will allow, the contractor will again cultivate as described in paragraph 6. above. This cultivation can occur in conjunction with paragraph 7. above.

Tropical Corn (Pioneer 30F33 or equivalent)

Corn shall be planted at a rate of 12 pounds per acre (9.33 acres)

Corn will be planted in strips of 8 rows each, alternating with 30-foot wide strips of Pennington Duck mix, WFG Grain Sorghum/Tropical Corn mix and Egyptian Wheat. For example, one strip of corn, a strip of Pennington Duck mix, a strip of WFG Grain Sorghum/Tropical Corn mix then a strip of Egyptian Wheat, and then repeat. The layout may change and not alternate every 30 feet in areas best suited for the type crop planted, the acres planted will remain the same. A planting layout will be provided by the COR or ARCO prior to planting.

Pennington Duck Mix (or equivalent)

Duck Mix shall be planted at a rate of 30 pounds per acre (4.83 acres)

Egyptian Wheat

Egyptian Wheat shall be planted at a rate of 20 lbs per acre (7.33 acres)

DESCRIPTION/SPECS/WORK STATEMENT

Fall Planting

1. The contractor shall furnish all labor, materials, and equipment necessary to manage 73.54 acres of wildlife food plots. Acreage managed may increase or decrease based on weather, project needs or budget.

The Contracting Officer (CO) or his authorized representative (ARCO) will determine when soil conditions are proper for planting. If the CO or ARCO determines that soil moisture is excessive or not adequate, work will be delayed until conditions are favorable.

Fall Mix:

Winter Wheat ----- 2 bushels per acre
Crimson Clover (with inoculant) -- 15 pounds per acre

All areas shall be initially cut to a depth of not less than six inches. If after completing this requirement, if more than 30% of the soil surface is covered with weeds and/or crop residue, additional harrowing will be required so that 90% of the completed soil surface shall have dirt clods less than three inches across. After breaking the land and prior to planting the contractor will as a final preparation, smooth the land using a spiked toothed harrow or equivalent.

Seed and fertilizer will be applied evenly with a rotating disc spreader at the designated rates specified. Liming

1. The contractor shall furnish all labor, materials, and equipment necessary to lime 103.19 acres of wildlife food plots. Moisture conditions and accessibility to sites could result in liming less acreage. The food plot areas are located on Richard B. Russell project lands in (Elbert County) Georgia and (Abbeville and Anderson County), South Carolina and range in size from one-quarter acre to 10 acres. Acreage managed may increase or decrease based on weather, project needs or budget.

CLAUSES INCORPORATED BY FULL TEXT

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (JAN 2004)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers:

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.
